GAIN VALUE WITH EZOPS BY DETECHTION

With daily drilling & Completions costs hitting $300k, the right efficiencies matter. EZ Ops helps unlock over $9M/year in savings by automating workflows, improving data & reporting, can reducing risks & unplanned downtime.

Here's how your operations stack up:

MANAGEMENT OF CHANGE (MOC)
Replaces paper, WhatsApp, and Teams with a structured platform for better traceability and compliance. Saves time and reduces risk from unplannned outages.

- Data & Reporting Automation / Efficiency Savings = $300,000
- Risk Reduction/unplanned Outage/Incident Savings = $300,000

SAVINGS $900,000

HEALTH, SAFETY & ENVIRONMENTAL (HSE)
Digitizes hazard ID and resolution workflows, boosting visibility and reducing incident risk.

- Data & Reporting Automation / Efficiency Savings = $600,000
- Risk Reduction/unplanned Outage/Incident Savings = $600,000

SAVINGS $1,200,000

MAINTENANCE & INSPECTIONS
By digitizing inspections and maintenance workflows, EZ Ops eliminates manual processes and boosts accountability. The result: less downtime, fewer incidents and faster response.

- Data & Reporting Automation / Efficiency Savings = $2,475,000
- Risk Reduction/unplanned Outage/Incident Savings = $1,200,000

SAVINGS $3,675,000

TASK MANAGEMENT & DIGITAL LOGBOOK
From planning to shift handovers, EZ Ops centralizers task tracking and logs every action. Teams stay aligned and nothing slips through the cracks.

- Data & Reporting Automation / Efficiency Savings = $2,175,000

SAVINGS $2,175,000

SCADA DATA ACQUISITION
SCADA data is integrated into field ops for real-time insights and fewer site visits. Operators make smarter, faster decisions.

- Data & Reporting Automation / Efficiency Savings = $1,200,000

SAVINGS $1,200,000

COMPLIANCE & EMISSIONS
Automated reporting and time stamped logs ensure accurate regulatory compliance and reduce audit risk.

- Data & Reporting Automation / Efficiency Savings = $300,000

SAVINGS $300,000

START SAVING $9,450,000 TOMORROW.
